

COUNSELLING FOR MANAGERS

MANAGING EMPLOYEES WITH MENTAL HEALTH ISSUES.

Managers often don't know what they can expect of employees with mental health issues or how to deal with them. This is precisely where SWICA relies on the expertise of WorkMed Ltd.

The specialists at WorkMed Ltd can advise you on how to manage employees with mental health issues. Use the offer as soon as you notice problems in any of the following areas:

- › Work-related conflicts
- › Performance
- › Behaviour at work
- › Social behaviour

For many years now, WorkMed has been addressing problems relating to mental health at work in both practice and research and is a leading provider in this field in Switzerland. The counselling team's members include psychologists and psychotherapists specialising in work-related problems.

WORKMED IS THERE FOR YOU

Telephone counselling is offered in German and English, as well as in French and Italian by prior arrangement. Counselling is free of charge and confidential. Contact Workmed and briefly describe your concern.
